CUSHION COLLECTION

Spring/Summer 2017

Clarke & Clarke are proud to present a new era of cushions; bursting with life this bold collection makes an instant statement. Fun monkey designs, tropical palms and colourful bugs bring a glamorous Caribbean vibe to any interior. Gorgeous vintage style floral designs and luscious velvets are framed by abundant pom poms, tassels and ruche detail.

For a calmer look, our 'Textures Collection' combines painterly effects, faux marble and ripple designs in calming colours to soften the bold lines. Inspired by cut through stones and minerals, this collection has a raw quality and modernist edge capturing new trends for crackled and fluid textures.
