

## If it was a boxer it would be a super heavyweight.

Talk of weight can be something of a social taboo. However we at Rangemaster are rather proud of our weight. On average we are somewhat heavier than some of our, shall we say, lightweight competitors. That's because our ranges are built from the ground up, from a single sheet of high-grade steel, formed to give maximum rigidity and robustness.

A Rangemaster may well fail at the weigh-in. But rest assured, there are no plans for dieting just yet.
